Purpose

Bringing a friend along to an ACE course? We'd love that.

At ACE, our values of support, generosity and people first guide how we do business. This policy is intended to reflect those values making it easier for colleagues and friends to learn together, build connection, and support one another through their professional development.

Bring a friend to ACE courses

For all eligible **in-person ACE courses** (excluding the Manual Therapy Retreat), we offer a **10% discount per person** when two or more people book together for the same course.

This offer applies whether:

- You've already booked and a friend decides to join you later, or
- Neither of you has booked yet and you'd like to register together

Got more than one friend who wants to join in – no problem. There's no limit on group size - if you're all attending the same eligible course, we can arrange the discount for each person.

If you have a really big group (let's say, your whole clinic team) maybe you'd like us to come to you instead? We offer in-service training at your location. Simply email us at admin@advancedclinicaled.com and let us know what you need.

More information on in-service training can be found [here](#).

How to access the Bring a Friend discount

To receive the discount, please email admin@advancedclinicaled.com before booking where possible, or as soon as your friend decides to join.

We'll confirm eligibility and let you know the next steps.

Important notes

- This offer applies to **ACE in-person courses only**
- It does **not** apply to the **Manual Therapy Retreat**
- The discount is arranged directly through ACE and is not automatically applied at checkout
- The Bring a Friend offer cannot be used in conjunction with other discounts or special offers unless otherwise approved by ACE

Any cancellations, transfers or refunds remain subject to ACE's standard terms and conditions, Refund Policy and Cancellation Policy.
